Project Plan & Timeline - Portfolio

We are required to individually design, build, deploy and present a portfolio website.

The project will be broken up into five key stages:

1. Brainstorm
   a. Create moodboard of colour schemes and font selection for website.
   b. Research portfolio designs and narrow down designs that are similar to the look I am after.

2. Plan
   a. Check how I will display the minimum requirements:
      i. Name and contact details.
      ii. Links to Github and LinkedIn accounts.
      iii. Information about you to demonstrate your personality.
      iv. Study and work history.
   b. Write user stories.
   c. Decide which features are part of core functionality and which should be stretch goals to be completed if time allows.
   d. Create wireframe of mobile and desktop versions of site.

3. Develop
   a. Gather and write content required.
   b. Implement required file structure.
   c. Write html and css code for website pages.
   d. (If there's time) Write code for stretch goals.

4. Test
   a. Validate html and css code.
   b. Check for accessibility considerations.
   c. Test website for responsive design and breaking points.

5. Present
   a. Collate materials from planning stage and other documentation.
   b. Create a powerpoint presentation to show how I created the website, from brainstorming to testing and completion.

    c. Give the presentation and walk-through live portfolio website and its features.

Timeline

Day	Task
1 (19/3)	➢ Brainstorm ideas for website design ➢ Form User Stories ➢ Create moodboard ➢ Create wireframes
2 (20/3)	➢ Put Project Plan and documentation into place ➢ Finalise wireframes ➢ Develop html and css code.
3 (21/3)	➢ Test responsive design ➢ Work on html and css code. ➢ Work on project documentation
4 (22/3)	➢ Finalise website design and content ➢ Work on project documentation
5 (23/3)	➢ Finalise source code and project documentation ➢ Finalise presentation
6 (24/3)	➢ Finalise presentation ➢ Submit project on Canvas
7 (25/3)	➢ Present project to class
